Your legion is going to travel along an obstacle course.

You will travel along the course four times in different ways.

Use a stopwatch to time how long it takes to do the course.

Write the results in the table.

	No obstacles	With obstacles
Soldier travelling alone		
Whole legion travelling as a group		

It took the Romans 30 years to travel from the south coast of Britain to Cumbria.

Why do you think they took so long? Write your ideas here.
