I agree:

a) to comply with the Lake District National Park Code of Conduct for Mineral Collecting;
b) to notify the National Park Authority when I will be collecting and to keep a record of visits;
c) to restrict my collecting to the Green Zone as marked on the map;
d) to carry my permit when collecting minerals;
e) to supply a short report of my activities, including identification of all mineral samples, to the Authority within 12 months of the end of the fieldwork.*

Signature: ...................................................... Date: ...........................................

Please note: Permits for collecting in the Green Zone are issued to individuals for the current calendar year. However the National Park Authority will consider applications from groups for single or a limited number of visits. Each group must have a named leader and each member of the group must carry a copy of the permit when on the fells.
